- PostgreSQL
- AWS
- HTML
- CSS
- Agile/Scrum

PROFILE

I am a software developer with a demonstrable record of success in teamwork and leadership. My background in live comedy theater and customer service management has taught me the value of collaboration and honest feedback in achieving a common goal. My favorite tools include Python, Django, Javascript, React, and SQL.

LATEST PROJECTS

[Disparato](#)

DJANGO, REACT NATIVE, PostgreSQL, AWS | JANUARY 2022 (in development)

A slimmer, more dynamic joke-writing tool for mobile. Launch date goal for Google Play is February 28th.

[Jokebot8000](#)

PYTHON, DJANGO | APRIL 2021

Full stack application using the New York Times and Datamuse APIs to help joke writers:

- browse current headlines
- identify key words and people
- generate related words and concepts

Users are then able to post and tweet jokes through Jokebot using the Twitter API

[The Platform](#)

NODE, EXPRESS | FEBRUARY 2021

The Platform is a social media site based on the New York City subway system. Users may easily share photos, ratings, and comments about any station within the system. They also have the option to save their 'home' station.

EXPERIENCE

SOFTWARE DEVELOPER

CHINGU VOYAGE | REMOTE | SEPTEMBER 2021 - OCTOBER 2021

- Worked on a distributed Agile team of UX designers and engineers during six weeks of sprints to produce a web application using the Spotify API.
 - Node.js
 - Express
 - Github
 - Agile

RETAIL MANAGER

OSLO COFFEE ROASTERS | BROOKLYN, NY | JUNE 2012 - NOVEMBER 2020

- Predicted daily revenue by compiling retail data backlog into readable charts for easy comprehension and operations planning.
- Empowered staff and promoted teamwork through strategic hiring, and training of ~100 applicants each year. Resulted in a high employee retention average of about 4-5 years over three locations in the organization.

WEB AND DATA ADMIN

NYU | New York, NY | DECEMBER 2011 - JUNE 2013

- Created, maintained, and updated eight separate WordPress sites to reach hundreds of students, parents, and faculty members per semester across seven countries, ensuring student retention and success.
